Project

RISE.EE

RISE Entertainment-

Developed a dynamic, responsive WordPress/PHP website for an entertainment company, featuring a custom ACF-based event system, full bilingual (EE/EN) support, and optimized performance across all devices.

Language

Estonian

English

Junior Software Developer Student

I am a 22-year-old Junior Software Developer student at VOCO, passionate about creating modern websites, engaging games, and workflow-simplifying programs. Competing in padel, basketball, and rally driving has built my strong teamwork, communication, leadership, and pressure-management skills.
